TERMS OF REFERENCE FOR A REVIEW INTO ALLEGATIONS ABOUT THE CULTURE OF THE CYCLING NEW ZEALAND HIGH PERFORMANCE PROGRAMME INCLUDING THE ACTIONS OF CYCLING NEW ZEALAND AND HIGH PERFORMANCE SPORT NEW ZEALAND IN RESPONSE TO SUCH ALLEGATIONS

1. Background

1.1 Cycling New Zealand ("Cycling NZ") is the national body responsible for cycling in New Zealand. It manages a high performance programme based in Cambridge focusing on supporting the best and most promising cyclists to achieve optimal results on the world stage.

1.2 As part of High Performance Sport New Zealand’s ("HPSNZ") strategy to deliver world leading support to impact National Sports Organisation, coach and athlete performance, HPSNZ has invested $4.4M into the Cycling NZ High Performance Programme in 2018. This investment supports a systems-based approach (athlete, coach, facilities, innovation, talent development) which provides the best opportunity for athletes to succeed on the world stage.

1.3 HPSNZ invests in high performance sport for the many benefits it brings to the whole country including the national pride felt with New Zealanders standing on the podium. The most successful athletes and their coaches act as role models. They also inspire other New Zealanders to be successful. Integrity is a important value of HPSNZ and of high performance sport in New Zealand. It is imperative that the trust and confidence in HPSNZ and the Cycling NZ High Performance Programme is maintained to the highest level.

1.4 It is also the role of HPSNZ to create a sustainable winning culture across the high performance system which both respects the rights of, and satisfies the duty of care required for, all athletes to ensure they can perform to their potential.

1.5 There are 45 carded athletes, 7 coaches and 12 other support personnel including sports scientists in the Cycling NZ High Performance Programme. There are also several employees of HPSNZ working with or assisting the Cycling NZ High Performance Programme.

1.6 On 30 May 2018, Cycling NZ announced the resignation of its head sprint coach, Anthony Peden. The reason given was that Peden and Cycling NZ were not “aligned”\(^1\).

\(^1\) Cycling NZ Media Release, "Track Cycling Sprint Coach To Step Away From the Role", 30 May 2018
1.7 HPSNZ has become aware of several allegations against Peden and the Cycling NZ High Performance Programme more generally of bullying, inappropriate behaviour, inappropriate personal relationships, a dysfunctional culture\(^2\), and a drinking culture\(^3\) as well as allegations of lack of accountability\(^4\) including questions on the follow up and use of information obtained in a debrief held after the 2016 Rio Olympic Games (“Rio Debrief”\(^5\)).

1.8 It is paramount that all athletes, coaches and support personnel are safeguarded from inappropriate behaviour. These allegations also impact on the integrity and reputation of high performance sport in New Zealand, as well as Cycling NZ, HPSNZ and the athletes, coaches and other support personnel in the Cycling NZ High Performance programme (including Anthony Peden).

1.9 For this reason, HPSNZ wishes to undertake a review (with the agreement of Cycling NZ) to determine if the allegations are true and to examine the culture of the Cycling NZ High Performance Programme including the extent to which Cycling NZ and HPSNZ knew of these allegations, when they knew of them and how they responded to them.
